Dear Liz,

With regard to The Green Connection project, *Climate Change Communication Campaign*, I would like to advise you that CEPF regards the project deliverables and the contract as complete.

Programmatic: All programmatic reports have been received and approved. Your final project completion report will be placed on the CEPF website where it will be accessible to all interested viewers. Your lessons learned section is particularly informative and useful.

Financial: All financial reports have been received and approved. The total project budget was \$91,567 and the final expense report totals \$91,567. You have received cash payments to date of \$82,410 and therefore you are due \$9,157. We will issue final payment this week.

I would like to thank you and your team for your efforts on this project. It is clear that you made a monumental effort to reach out far and wide to Succulent Karoo stakeholders, and that you have had great success in researching and communicating about a challenging issue. Your website is really well done and provides the viewer with a wealth of information, and good leads to get in contact with other people and to get more information. I congratulate you on a job well done!

I note that we can download the handbook from the website, but we would really appreciate receiving a copy of the DVD by post.

Yours sincerely,

Grant Director
